Large Sideboard

Assembly & Care Instructions

1. Check you have received all parts listed on the component and hardware pages and the correct quantity of each. Beware that sometimes parts are packaged within the product so not immediately visible after opening. Please check the assembly section for more details. If anything is missing, stop assembling the product and contact our customer service team.
2. Check all parts are intact and undamaged. Any issues, stop assembling the product and contact our customer service team.
3. Check you have the right tools for the job. Required tools which are not provided are listed below. If you are unsure of how to use these tools, please contact a professional tradesperson. We recommend Air tasker as an easy way to find trades people in your local area.

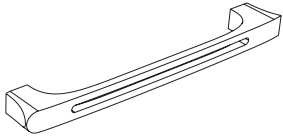

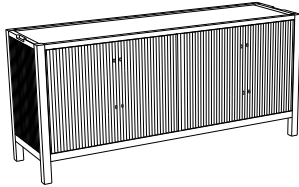

Safety advice.

Dear Customer

- **IMPORTANT** – The first step you need to take is to ensure your safety! Please take the time to read and understand these instructions before assembling the product.
- Please keep these instructions for future reference .
- This item is intended for indoor use only – unless otherwise specified. Avoid exposure to humid conditions.
- Assembly to be carried out by a competent adult only.
- During assembly children should be kept away from the product due to possible risk of injury. The product may contain small parts that could also cause choking if swallowed.
- Products can be dangerous if incorrectly installed or assembled. Assembly should be carried out by a competent person and instructions followed. No liability will be accepted for damage or injury caused by incorrectly installed or assembled products.
- Never use an electric drill to assemble a product, as this can cause damage to parts.
- Regularly check all fastenings to ensure that they are properly tightened.
- Restrain children from climbing or playing on or around the product. Always consider where products are positioned to ensure children cannot get access to long cords or windows.
- Some products will be supplied with anti – tip kits which should always be used to secure the product to the wall and prevent tipping.
- Keep all plastic wrapping materials away from babies and children to avoid danger of suffocation.
- Ensure that all packaging is disposed of carefully and responsibly. Please recycle where possible.
- Once items are part or fully assembled, they are not returnable unless faulty.

B		1

Assembly instructions.

	ALWAYS lay each panel down on a clean and level area, ideally in the room of intended use, ensuring there is enough room to maneuver around the item.
	NEVER pull furniture into place as this causes damage to the internal structure and feet fixings. Always lift to move.
	NEVER flip your upholstery allowing corners to hit the floor as structural damage can be caused. Always turn gently.

General furniture care .

- Uneven floors could give the impression that doors are out of alignment or that the furniture is wobbly. Be aware of this and compensate, if necessary, by adjusting the hinges or packing a corner to level the item. Please refer to the assembly instructions and adjust accordingly.
- If your furniture becomes stained, scratched, chipped or suffers other damage, we recommend professional help is sought to restore it. Please contact our customer services line for recommended agents.
- **DO** move items such as ornaments or coasters around periodically to allow the color to mellow evenly.
- **DO** use mats and coasters to protect the surface from heat, liquids, or items that may cause scratches.
- **DO** ensure plastic or felt feet protectors are securely fitted into place on the feet and legs to avoid scratches.
- **DO** check fittings and fixings from time-to-time and tighten when necessary. Stop using the product if still unstable after all screws and bolts are tightened.

Timber care.

- **DO** only clean using a damp cloth and mild detergent. Aim to dust weekly with a soft, lint-free cloth or duster to prevent any build-up of dirt.
- **DO** ensure the polish you use is correct for the wood type and finish.
- **DO** avoid getting timber wet when mopping floors. Always move the unit out of the way when possible.
- **DO** remove any spills immediately to avoid staining.
- **DO NOT** use bleach or abrasive cleaners on any wooden parts.
- **DO NOT** place directly in front of heat sources such as radiators or fires as timber can be affected by temperature and humidity which may cause cracking and warping.
- **DO NOT** place timber product in direct sunlight, as this will cause the color to change quickly.
- **DO NOT** use abrasive polish or silicon-based polishes as these can affect the finish over time.

Marble care.

- As a soft stone, marble can be susceptible to chips, cracks, scratches, and discoloration, so it's important to care for it properly.
- **DO** clean with a damp cloth using warm water or a specialist marble cleaner, then buff to dry.
- **DO** remember that marble surfaces are porous, so it's crucial to remove spillages immediately to avoid stains, and we recommend using coasters and place mats to protect against heat and moisture.
- **DO NOT** use abrasive or acidic cleaners, chemicals and regular furniture polishes on marble as they can cause damage.
- **DO NOT** let acidic substances come directly into contact with the marble, for example lemon juice.
- **DO NOT** use marble surfaces as a chopping board or work top and do not place heavy weights on it.
- **DO NOT** sit or stand on a marble surface.
