IMPORTANT：PLEASE READ THE FOLLOWING INSTRUCTIONS AND WARNINGS CAREFULLY BEFORE USE AND KEEP FOR FUTURE REFERENCE.

Safety Information EN

PLEASE READ THE INSTRUCTIONS BEFORE ASSEMBLY AND KEEP THEM FOR YOUR REFERENCE.

WARNINGS

- **DO NOT** use this bedside crib with a child who weighs more than 9kg or has reached approximately 6 months of age. Please discontinue use when your child can sit, kneel, or pull itself up.
- **DO NOT** use more than one mattress in the product. **DO NOT** use mattress other than the one supplied by the manufacturer.
- Placing additional items in the product may cause suffocation.
- **DO NOT** place the product close to another product, which could present a danger of suffocation or strangulation, e.g. Strings, blind/ curtain.
- **DO NOT** place items that could cause choking within reach of your baby such as medication, coins, string, elastic, small toys, and other small objects.
- The product should be placed on horizontal floor. It is dangerous to place the product on a raised surface such as a table.
- **DO NOT** not use the crib if any part is broken, torn, or missing.
- Before assembly, check that the product and all of it's components have not been damaged during transportation. Should any part be damaged, **DO NOT** use and keep out of reach of children.
- The thickness of the uncompressed mattress shall not exceed 25mm.
- **DO NOT** use or leave the bedside crib near open fires, naked flames, electric bar fires, gas fires, stoves, heaters, or barbecues.
- **DO NOT** use parts or accessories other than those tested and approved by Baby Elegance.
- Check the manual for a list of required parts. ALWAYS check parts regularly for tightness of screws, nuts, and other fasteners - tighten if required.
- **SUFFOCATION HAZARD:** Discard all Packing materials immediately after opening.
- **FALL HAZARD:** To help prevent falls, do not use this product when infant begins to push up on hands and knees or has reached manufacturer's recommended recommended maximum weight of 9kg, whichever comes first.

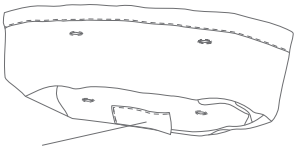

Safety Information EN

- **DO NOT** use crib if there are any loose or missing fasteners, loose joints, broken parts, or torn mesh / fabric. Check before assembly and periodically during use. Contact hello@babyelegance.com for replacement parts and instructional literature if needed.
- All assembly fittings should be always be tightened properly and that care should be taken that no screws are loose, because a child could trap parts of the body or clothing (e.g. strings, necklaces, ribbons for babies' dummies, etc.) which would pose a risk of strangulation.
- **NEVER** leave your child unattended. The crib should be locked in the fixed position when the child is le unattended.
- Young children should not be allowed to play unsupervised in the vicinity of the crib.
- Strings can cause strangulation! **NEVER** place items with a string around a child's neck, such as hood strings or pacifier cords. NEVER suspend strings over product or attach strings to toys.
- **DO NOT** place more than one child in the bedside crib at the same time.

SCREWDRIVER

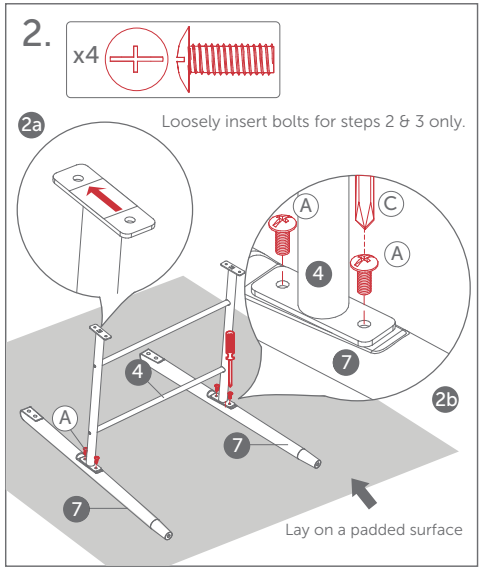

Assembly EN

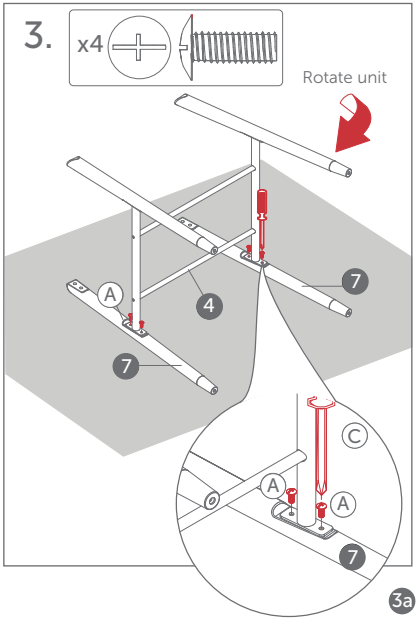

1.

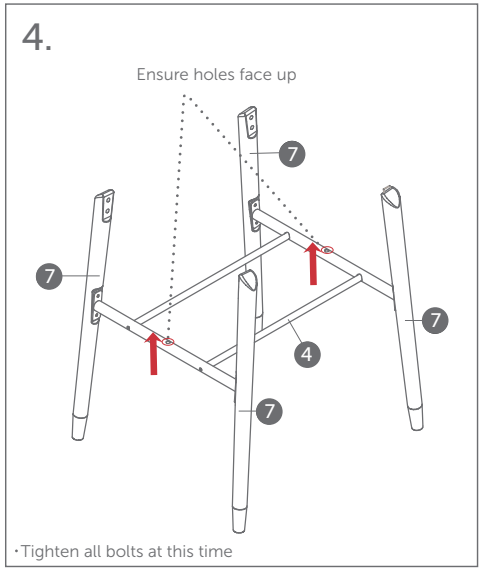

2.

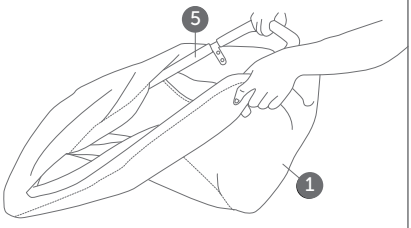

3.

4.

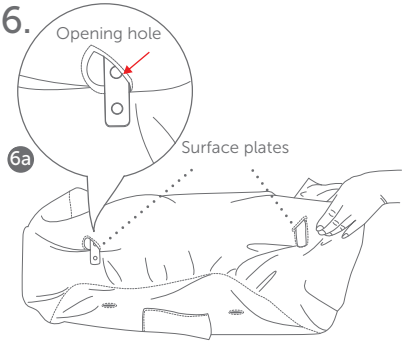

5.

- Unzip fabric and insert top rail into fabric assembly.
- Caution: DO NOT remove foam

Preassembled crib top rail with fabric

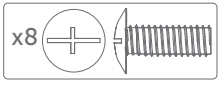

6.

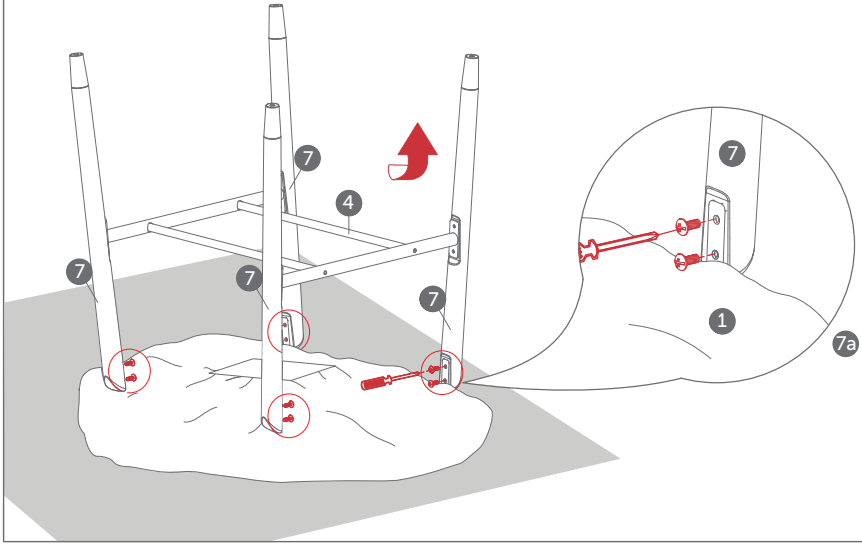

- Note: There are 4 openings on the sides of the fabric. Insert the surface plate with two screw holes through those openings.

Preassembled crib top rail with fabric

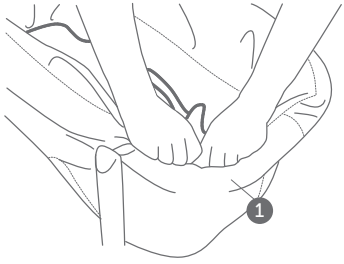

7.

- Turn unit over:
- Attach top rail and fabric to the 4 wooden legs using the 8 screws. Screw in all 8 screws by hand and then tighten after.

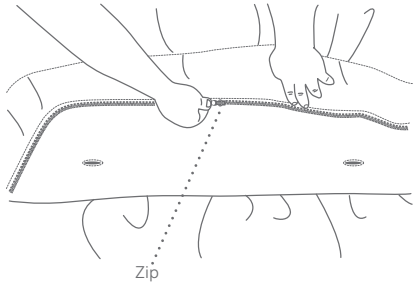

8.

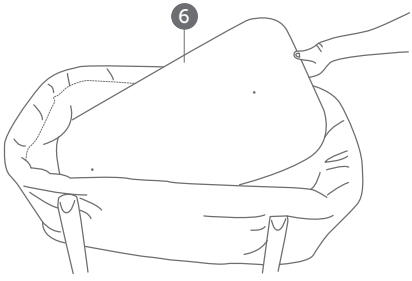

- Turn Bassinet upright, adjust fabric so that it lays even all the way around the crib to make sure the zip will line up

9.

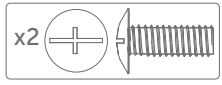

- Zip the bottom of the fabric together DO NOT rush the zipping.

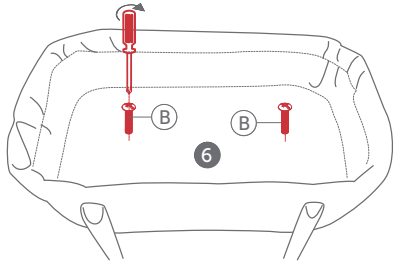

10.

- Before inserting the mattress board, find and identify the two holes inn the bottom of the fabric.

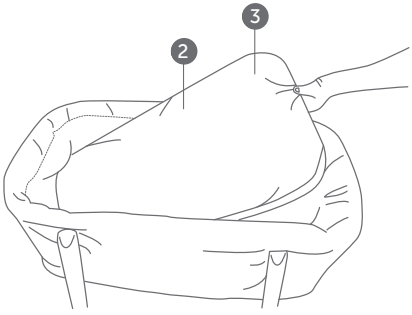

10a.

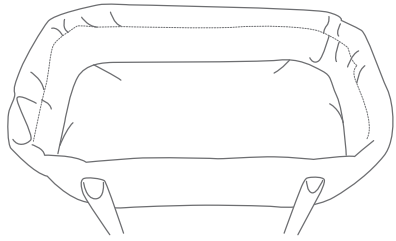

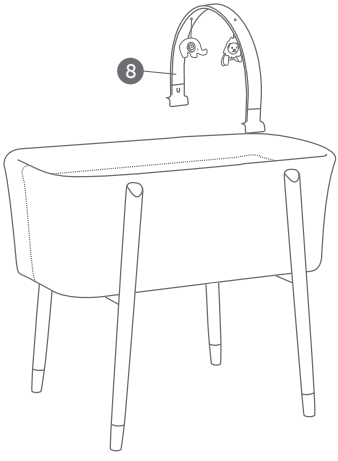

- Insert 2 screws in through the two holed in the mattress board and fabric. Press down firmly on the mattress board to keep fabric tight.

11.

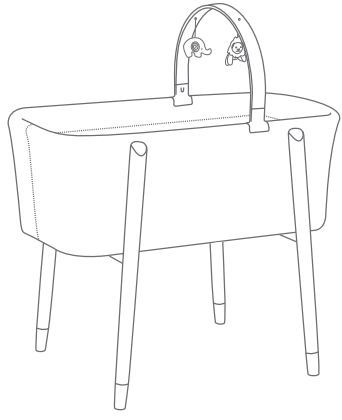

- Insert mattress pad an sheet. Make sure the mattress pad is laying flat in the bassinet and the sheet is securely tucked at least 2" (5cm) under the mattress pad on all sides.

CAUTION: never use the top bar to Lift the bassinet

- Align Toy bar with crib top rail long sides.
- Push down toy bar until it 'clicks' into place and is secure.
- Lightly shake bassinet to make sure it is sturdy. Check and tighten screws if needed.
- Please throw away all packaging materials. Fold instruction manual and store in the pocket underneath the crib for future reference.
