

Thank you for purchasing this light fitting. Please read the instructions carefully before use to ensure safe and satisfactory operation of this product. Please keep these instructions for future reference.

## **Warnings!**

This is a Class II product and must NOT be earthed.

This product is suitable for indoor use only and is not suitable for a bathroom or outdoor location.

Please read these instructions carefully before commencing any work.

Your lamp has been packaged as separate parts to prevent damage during transit.

When manoeuvring or assembling this product, it must be lifted from the bottom section.

Under no circumstances must this floor lamp be covered with any material as this could pose a safety hazard. It must be used on a stable, flat surface.

The lamp must be protected by a 3 amp fuse in the mains plug.

If you are in any doubt, please consult a qualified electrician.

For your safety, always switch off the supply before cleaning or changing the bulb.

If the mains cable becomes damaged it must only be replaced by a technically competent, qualified person.

Always use correct type and wattage bulb. Never exceed the wattage stated.

Do not attempt to plug in or use this product until it has been fully assembled. Disconnect from mains during assembly or maintenance.

## **Step 1**

Carefully remove all packaging from the base section, central tubes, top section and shades and place on a stable, flat surface.

## **Step 2**

Screw tube (2) onto tube (1) in a clockwise direction. Take care not to trap the cable or cross the threads. Gently pull any excess cable through from the side of tube (3). Turn tube (3) anticlockwise approximately 6 times. (Turning the tube anticlockwise first ensures that the cable will straighten when the tubes are fully assembled).

## **Step 3**

Then screw tube (3) onto tube (2).

## **Step 4**

Screw the assembly onto the base in a clockwise direction. Take care not to cross the threads.

## **Step 5**

Stand the product upright and check the tightness of the joints

## **Step 6**

To attach the shades (4) first remove the shade rings (5) from the threaded lampholders. Place the shades over the lampholders and refit the shade rings using the supplied tool (6). Tighten to secure.

## **Step 7**

Fit the bulbs (7). 3 x Max. 6W LED E14 Golf. **NOTE: Never fit bulbs of a higher wattage than those specified on the label.**

## **Step 8**

Your floor lamp is now ready to use. Switch on using the foot switch. Each head can be switched on and off with its own push switch.

**Note:** The angle of the shades can be adjusted to the appropriate angle as needed.

If your lamp will not illuminate, please check the foot and head switches are switched on, check the bulb, the 3 amp fuse in the plug and ultimately check the relevant fuse in your fuse box. If unsuccessful please contact our customer service team.

## **Care and cleaning**

Finish - We recommend cleaning with a soft dry cloth. Do not use abrasive materials as these will damage the finish.

Our packaging is recyclable, please recycle where facilities exist.

Waste electrical products should not be disposed of with household waste.

Please recycle where facilities exist. Check with your Local Authority or retailer for recycling advice.

**— We're happy to recycle your old light for free. Simply bring it to store within 28 days of purchase of your new light, with your receipt, and we'll make sure your old light stays out of landfill.**
